Our aim is overall development of the students. We focus in always them for new challenges. We took orientation programme to improve their self confidence.

**\* Secondary School Programme :-**

The secondary school programme is in structured to make the students strong and make them to beat the competition level. Special skills develops their reading, writing, speaking, critical thinking stages courage fostering values building manners and itiquettes. When they are punctual so discipline, courageous and respect and responsibility increases level. Posturing values develop curiosity among them, scientific ways logics sense of belongingness, love for nation learn they adopt competitive vision, importance of discipline, by taking all the activities we are creating the students to develop their minds and show them right path and create so they can learn and get more attractive knowledge.

It is extremely important that the children acquire adequate knowledge and skill in other core areas Health and Physical education, Life Skills, Values Education, Art Education, Work Education and other co-scholastic areas.

In operational sense, the secondary curriculum is learner centered with school being a place where students would be acquiring various skills; building self concept, sense of enterprise, asthetic sensibilities and sportsmanship.

**Competency based learning –**

To face the challenges of 21<sup>st</sup> Century, we provide competency based education. Because competency based learning focuses on the students demonstration of desired learning outcomes as central to the learning process.
